

Murals

Murals

Palladio is inspired from one of the most influential individuals in the history of Italian architecture - Andrea Palladio.

Palladio's range of glass mosaics allow the designers an unbelievable, first of its kind palette of colours and textures to create stunning decor for their interior and landscape areas. Our classic and contemporary design aesthetics aims to enhance the beauty of a living space.

Present in over 50 countries, our endeavour is to keep working with international designers and transform ordinary spaces into art spaces.

OUR ETHOS

CREATIVITY

We strive to provide unique mosaic art. To achieve it, our team of talented artists keep on exploring and creating bespoke designs for our customers.

INNOVATION

Be it our colour palette, our design library or our manufacturing process, we constantly strive to innovate and offer newer concepts to our customers.

INSPIRATION

Our inspiration arrives from our design partners with whom we co-create unique design solutions for exclusive spaces.

TEAMWORK

Teamwork is the key to success. We believe in the significance of having a good team and ensure healthy teamwork amongst our members.

PASSION DRIVEN

Last, but the most compelling ethos of our business culture is passion. Our passion towards mosaics and designing enables us to continuously aim at defining new levels of creativity, innovation, inspiration and team spirit.

Integrated Approach

Every project that we do involves a 360° approach of workmanship without which the art remains just a product.

1. Project Layout

Every project starts with understanding the layout of the area where the mosaics needs to be installed. It can be provided simply in form of a sketch with dimensions or if working on more complex projects like exteriors or pools, autocad requirements deem necessary.

2. Design Inspiration

The next step is to identify the design. It can be selected either from the exclusive range of our catalogue or can be custom made referring from any inspiration - a digital image file, a photograph, a sketch, a fabric swatch or an artwork of logos.

3. Presentation

The design along with the project layout then moves to our Palladio Studio wherein our inhouse designers work with millions of mosaic tesserae. Using our specialized softwares, they are then able to form a beautiful & convincing presentation for our customer's approval.

4. Samples

We also provide samples on case to case basis as per the request of our customer. Such samples help the customer to have a better look & feel of the product.

5. Design Production

Upon approval from the customer on the presentation and samples, the design is taken up for production. During design production, the mosaics are assembled as per the unique production plan since each project is custom made in respect to size, look, colour and shape of the mosaic / design space.

6. Design Execution

Every project, holding million of mosaics tesserae, is assembled and dispatched in multiple of ~30x30cm sheets which are carefully numbered. An assembling plan is also sent along with the project. This enables a simpler and quicker installation.

TECHNICAL
INFORMATION

Looks

OPAL

Opal look reflects Quartz effect, consisting wide range of colour shades. Each colour family consist 4 to 6 colours having gradient effect, giving wide choice to choose from light to dark within the same colour family.

CUPRO

Cupro look reflects Solid effect, giving smooth feel with brilliant glossiness. This range consists of broad colour palette having pastel and vibrant colours.

TINT

Tint look reflects Marbo effect, wherein coloured enamel gets immersed in random manner thereby making the effect of each mosaic unique & lively. This range consists of broad colour palette having pastel and vibrant colours.

JEWEL

Jewel look reflects Shimmer effect, wherein aventurina and/or coloured enamels get blended and immersed in such a manner which create vividness in each and every mosaic. This range covers all gemstone colours.

IRIDO

Irido look reflects Iridescent effect, where all the colours of rainbow reflects from the mosaic, which further gets enhanced with different lighting. This range covers limited colours with fascinating look.

LUMIN

Lumin look reflects Glowing effect, where mosaic twinkles like multihued pearl, beautifully shines in different lights. This range covers selective colours with magnificent finish.

OZONE

Ozone look reflects Silken effect, is special category made with recycled glass. This is environment friendly mosaic available in selective limited colours.

AURUM

Aurum look reflects Glitter effect, wherein 24K yellow gold leaf is sandwiched between two transparent glasses of different thickness. Aurum is available in white and yellow gold, having smooth/wavy surface, being able to apply on Floor (F) or Wall (W) applications.

Surface

Palladio glass mosaic, being small in size, can be installed on curved surfaces as well.

“Surfaces” where Palladio can be applied are listed below :-

Product	Walls		Curvatures			Decoratives			Submerged		Floors			Floor Usage Level (*)					
	Interior	Exterior	Ceiling	Dome	Pillar	Frame	Object	Panel	Pool	Water Feature	Interior - Dry	Interior - Wet	Exterior	Light Residential	Residential	Heavy Residential	Light Commercial	Heavy Commercial

In case of artistic design, it is not advisable to use in submerged and floor areas.

(*)

- Light Residential : Floor coverings in areas that are walked on essentially with soft soled footwear or bare feet without scratching dirt.
(e.g. Residential Bathrooms & Bedrooms without direct access from outside)
- Residential : Floor coverings in areas that are walked on by soft soled or normal footwear with at the most occasional small amounts of scratching dirt.
(e.g. Rooms in the living areas of homes but with the exception of Kitchens, Entrances and other rooms which may have a lot of traffic)
- Heavy Residential : Floor coverings in areas that are walked on with normal footwear more often with small amounts of scratching dirt.
(e.g. Residential Kitchens, Halls, Corridors, Balconies, Loggias and Terraces)
- Light Commercial : Floor coverings in areas that are walked on by regular traffic with some scratching dirt.
(e.g. Entrances, Commercial Kitchens, Hotel, Exhibition and Sale Rooms)
- Heavy Commercial : Floor coverings in areas that are subject to severe pedestrian traffic over sustained periods with some scratching dirt.
(e.g. Public areas such as Shopping malls, Airport concourses, Hotel Foyers, Public Walkways and Industrial Applications)

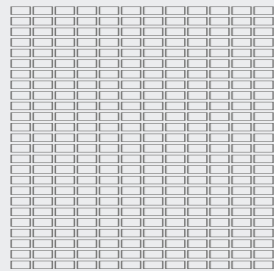

Product Data

1.2x1.2 cm (Aligned)

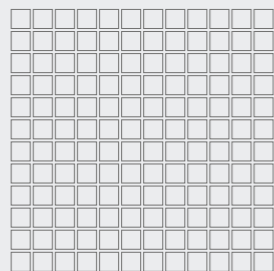

Mosaic Size	:	1.2 x 1.2 cm
Mosaic Thickness	:	~4 mm
Sheet Size	:	30.00 x 30.00 cm
Mosaic Pcs.	:	25 x 25 = 625
Joint Gap	:	~ 1.10 mm
Sheet Coverage Area	:	0.090 m ²
Sheet Weight	:	~ 540 Gm.

1.2x2.5 cm (Aligned)

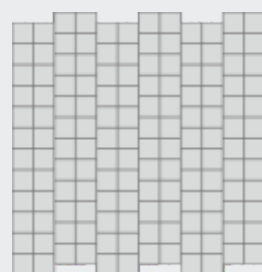

Mosaic Size	:	1.2 x 2.5 cm
Mosaic Thickness	:	~4 mm
Sheet Size	:	30.00 x 29.40 cm
Mosaic Pcs.	:	25 x 12 = 300
Joint Gap	:	~ 1.10 mm
Sheet Coverage Area	:	0.088 m ²
Sheet Weight	:	~ 575 Gm.

2.5x2.5 cm (Aligned)

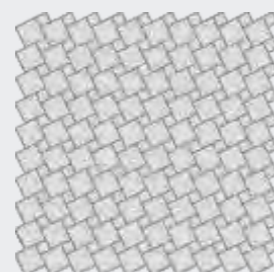

Mosaic Size	:	2.5 x 2.5 cm
Mosaic Thickness	:	~4 mm
Sheet Size	:	30.00 x 30.00 cm
Mosaic Pcs.	:	12 x 12 = 144
Joint Gap	:	~ 1.60 mm
Sheet Coverage Area	:	0.090 m ²
Sheet Weight	:	~ 605 Gm.

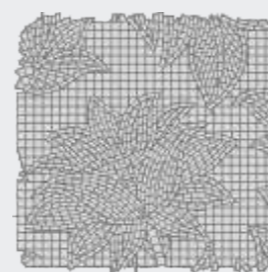

Classic

Modular

Artistic

All technical parameters of Classic / Modular / Artistic will be as per design selection.

Test Data

"Palladio" Glass Mosaic is manufactured using Fusion Technology and meets the specifications as per International standards applicable for "Mounted Miniature Mosaic". As per ANSI A 137.2, mosaic having facial surface area or backside surface area $\leq 4.41 \text{ cm}^2$ and such that the longest side is not greater than 4.25 times the shortest side, fall under the category of "Miniature Mosaics".

The Technical data sheet is given below :-

TECHNICAL CHARACTERISTICS & TEST DATA			
	WATER ABSORPTION	ISO 10545-3 / ASTM C373	None
	RESISTANCE TO THERMAL SHOCK	ISO 10545-9 / ASTM C484	Resistant
	RESISTANCE TO FROST	ISO 10545-12 / ASTM C1026	Resistant
	RESISTANCE TO CHEMICAL ATTACK	ISO 10545-13 / ASTM C650	Resistant
	RESISTANCE TO STAIN	ISO 10545-14 / ASTM C1378	Resistant
	LIGHT AND COLOUR FASTNESS	DIN 51094 / SS 301	Passes

Variation in colour tone is an inherent characteristics of high temperature fired products.

'LinkTec' is the state-of-the-art innovative technology for assembling of mosaics through Robot. Under this method polyurethane links are created at the back of the mosaics for assembling them into sheet.

Advantages of "LinkTec" :

- Enables better intactness
- Easy and Faster installation
- Excellent finishing
- Water Resistant
- Weather Resistant
